WINNERS IN THE NORTHWEST BEAUTY CONTEST

INTEREST WAS AT BOILING POINT IN ALL THE TOWNS

ALL HAD COUPON VOTING EXCEPT CITY OF ST. PAUL, COMMITTEE SELECTED WINNER

ATKINSON CO. AND AUTO SHOW TO SEND INSTRUCTIONS TO GIRL WINNERS

The fifteen winners of the northwestern beauty contest who will appear the week of Feb. 2-9, at the Twin City Automotive Exposition were officially announced today by the show management as follows:

"Miss Aberdeen American-News"—Irene Hagenston.

"Miss Albert Lea Tribune"—Irma Turner.

"Miss Austin Herald"—Ruth Anderson.

"Miss Bemidji Pioneer"—Martha Erwig.

"Miss Brainerd Dispatch"—Irene Turcotte.

"Miss Crookston Times"—Lillian Duval.

"Miss Faribault News"—Grace Kleven.

"Miss Hibbing Tribune"—Irene Gilbert.

"Miss Mankato Free Press"—Irene Kleenapp.

"Miss Minneapolis Tribune"—Mildred Sire.

"Miss Minnesota Star"—Frances Detrich.

"Miss Owatonna People's Press"—Lucille Partridge.

"Miss Rochester Post & Record"—Irene Conaty.

"Miss St. Cloud Times"—Florence Osgood.

"Miss St. Paul News"—Lorna Dunn.

In every city where the contest was featured, interest was at the boiling point the last few days of the competition. As a general thing, the undertaking got away to a slow start but finished in a whirlwind of votes.

In Aberdeen, S. D., only one ballot was printed during the campaign but there were 84 girls entered and 7,526 votes were cast out of a possible 12,500. Miss Hagenston, the winner, is a high school student and won out by nine votes.

Nearly 75,000 votes were cast in the Albert Lea contest on the last day. So great was the interest in the contest that the editor of the Tribune appointed three prominent business men as judges to guard against any charges of impartiality.

Ruth Anderson, the Austin winner, polled 122,770 votes, about 50,000 more than her nearest competitor. The three high vote-getters each had a representative who was on hand at the final audit of ballots at a leading bank.

Bemidji selected a little high school girl in the person of Miss Erwig. Interest in the contest was exceptionally keen in the far north city. The winner polled a total of 10,368 votes.

Brainerd had 36 women in the Dispatch contest and 21,562 votes were cast. The scramble became so heated there toward the finish of the polling that the girls made house-to-house canvasses.

Crookston, the last city to enter the contest, made up in excitement what it lacked in length of competition. Business houses and other organizations got into the spirit of the thing and backed different entrants.

The office of the Faribault News was nearly wrecked in the last minute rush of ballot-bearers. Ballots were accepted at a leading theatre as well as at the News office. Representatives of the American Legion, the Boy Scouts and the Chamber of Commerce audited the count.

In Hibbing, Miss Gilbert won out by a plurality of about 700. This contest was the only one in that part of the state, and Miss Gilbert will have the backing of the whole Mesabi Range at the Auto Show.

Mankato selected as its fairest woman Irene Kleenapp, a policeman, who had the backing of the fire and police departments as well as the city hall. It was only by hard

Sandai, Japan, Shaken by Another Earthquake

FOCH SAVED BERLIN FROM ALLIED GUNS, GEN. ALLEN REVEALS

New York, Jan. 16.—Marshal Ferdinand Foch, commander-in-chief of the Allied armies, personally saved Berlin from an invasion by Allied troops after the victorious drives just before the armistice in 1918, it was revealed last night by Maj. Gen. Henry T. Allen, former commander of the American army of occupation.

Speaking at a dinner of the Peekskill Military academy alumni, General Allen said responsibility for stopping the American and Allied armies rested solely on the French marshal.

Foch's reason for not taking Berlin, General Allen said, was that it would have been a gigantic task to hold the vast territory which included Hanover and other large cities.

"FIRST 4 YEARS ARE THE HARDEST"

ANDREW J. VOLSTEAD SAYS PROHIBITION BECOMING MORE EFFECTIVE

(By United Press) Granite Falls, Minn., Jan. 16.—Andrew J. Volstead, "father of prohibition," crawled out of a sick bed today to tell the United Press that the "first four years" of prohibition "are the hardest."

The former Minnesota congressman is suffering from a heavy cold sub-zero weather didn't help it much today.

"What are you taking for it?" he was asked.

And, he said: "Nothing."

"I believe that the people are more solidly behind prohibition enforcement this year than last year or the year before," he said.

"Prohibition is becoming more effective," he said.

work that she nosed her way to victory with a lead of 13 votes.

In Minneapolis, the Tribune led all competing papers in the number of votes sent in. It also had the greatest number of candidates, 137. So great was the volume of votes recorded at the last minute that a staff of auditors worked from Monday to Saturday before the winner was decided. One girl sent in 15,000 after the polls closed and these were not accepted. However, they were not sufficient to put her near first place.

The Minnesota Daily Star of Minneapolis is providing a high school girl, Frances Detrich. So spirited did the Star contest become that one contestant's mother was held up and slugged for several thousand votes she was saving for her daughter.

Although one of the smallest cities involved, Owatonna had as successful a contest as any of the fifteen. The People's Press received 23,000 ballots or nearly half of all those printed. Miss Partridge, the winner, is a high school girl.

Rochester was turned upside down by the contest which went to Miss Conaty after an exciting campaign as any political struggle.

St. Cloud, through the Daily Times, furnishes Miss Florence Osgood whose candidacy was extremely popular from the inception of the campaign.

In St. Paul, the Daily News made its selections in a different way than most of the papers entered. The mayor and two other citizens passed on more than a hundred photographs. After most of the portraits had been eliminated, the committee sent for a dozen of the girls before making the final decision.

E. E. Atkinson & Company, St. Paul and Minneapolis, will have charge of the prize winners during their stay in the Twin Cities, where they will take part in the Style Review at the Auto Show. Detailed instructions for the winners will be sent to each girl this week by the Atkinson Company and the Auto Show management.

TEX RICKARD GETS DEMOCRATIC MEET FOR NEW YORK

MADISON SQUARE GARDEN TO HOUSE PARTY CONVENTION IN 1924

SAN FRANCISCO AND ITS \$200,000 OFFER RUN SECOND BEST

(By United Press) Washington, Jan. 16.—If New Yorkers feel like hanging a medal on someone for getting the 1924 democratic convention for that city they might as well pin it on Tex Rickard when he gets there tonight.

Rickard it was who flipped a towel in the waning spirit of the delegation yesterday afternoon in the democratic national committee when selection of the convention city hung in the balance—with San Francisco on the heavy side.

Largely because of Rickard's efforts the convention will be held in Madison Square Garden.

Included in New York's winning offer was the cost of preparing the Garden to make it suitable for the convention.

The New York delegation had about given up hope. All offers were in the hands of Clark Howell's subcommittee and San Francisco's \$200,000 offer looked too big to overcome.

Then Rickard stepped in.

"I told them the way to get what they wanted was to put up the dough."

DRY WORKERS GATHER IN RAIN IN FRONT OF THE WHITE HOUSE

(By United Press) Washington, Jan. 16.—With hymn and prayer 2,000 dry workers of the anti-saloon league gathered in winter rain today in front of the White House to pledge to President Coolidge their loyalty and co-operation in helping keep the laws.

Mr. Coolidge in a brief speech said the leaguers had set a great example to the country.

"All of us know," said Mr. Coolidge, "that there is no such thing as liberty without observance of the laws."

"It is a fundamental principle, reaching every activity of our government. It is the foundation of all principles on which Americanism rests and the source of our civilization."

"I want to express to you my thanks for bringing me this assurance. With that assurance is easier to go ahead in undertaking to provide that all laws will be obeyed."

ASK REDUCTION OF STATE, LOCAL TAXES

(By United Press) Chicago, Jan. 16.—Reduction of federal, state and local taxes leads the list of planks in the platform adopted by the Farmer-Manufacturer convention which ended a two days' session here last night.

Government operation of public utilities including the railroads, mines, factories and farms was voted under by the 700 delegates. The convention also asked the administration and congress to take a pledge against interfering with private business.

Government fixing of prices also was opposed by the convention. The convention approved co-operative marketing of farm products; the development of Muscle Shoals for fertilizer products as well as for other purposes; reforestation on an extended scale; a permanent immigration policy designed to limit the number and select only the best quality of immigrants; an American merchant marine adequate to America's needs; waterway projects through the Mississippi valley and completion of the St. Lawrence waterway and the lakes to the gulf project.

JUDGE DANCER RESIGNS FROM DISTRICT BENCH

(By United Press) Duluth, Jan. 16.—Judge H. A. Dancer, 11th judicial district, submitted to Governor Eberhardt his resignation to be effective February 1.

Judge Dancer will resume the private practice of law. He was appointed by Governor Eberhardt in 1911, re-elected in 1912 and again in 1918 and his present term would expire Jan. 1, 1925.

In a statement issued today Judge Dancer deprecates the low salaries paid judges and declared that only "more remuneration will bring a desirable class of men to continue on the benches."

FALL MAY EXPLAIN HOW HE GOT CASH TO BUY A RANCH

FORMER SECRETARY OF INTERIOR MAY MAKE STATEMENT IN CASE

TEAPOT DOME NAVAL OIL RESERVE UNDER INVESTIGATION BY SENATE

Congress Today By United Press

Senate: Routine business. Agriculture committee continues hearings.

Reorganization committee resumes sessions.

House: Gag rule fight continues.

Ways and means committee continues tax hearings.

Free seed bill hearing before agricultural committee.

Washington, Jan. 16.—Former Secretary of the Interior Fall will be permitted to explain where he got the \$100,000 for purchase of a New Mexico ranch "if he wishes," Senator Walsh, Montana, said today.

Walsh, upon returning from Palm Beach where he examined Edward B. McLean, millionaire Washington publisher about his loan of \$100,000 to Fall said he would make no attempt to "compel" Fall to testify.

The testimony Walsh took will be presented in a few days to the senate public lands committee which is investigating lease by Fall of the Teapot Dome naval oil reserve to the Sinclair interests.

LAFOLLETTE TO PRESS RESOLUTION

Washington, Jan. 16.—Senator Robert M. LaFollette, progressive leader, announced today he would press for immediate action by the Senate Interstate Commerce committee on his resolution directing the I. C. C. to reduce freight rates on farm products to pre-war levels.

In a formal statement LaFollette explained that his resolution did not supersede his bill changing the entire rate making structure.

He said even if the bill was passed today, the change would not be made for months. His resolution would make lower freight rates effective immediately.

COLD WAVE CAME AS PREDICTED

(By United Press) St. Paul, Jan. 16.—An icy wind that whipped around the corner all day showed different temperatures on almost every street corner.

The coldest weather report in the Twin Cities was 19 below. The temperature ranged upward to 15 below. The weather bureau picked 17 below zero and admitted that the biting wind on exposed thermometers might fall even lower than that.

The cold covers the entire section. Only a light snow preceded the arrival of the cold wave predicted yesterday.

Traffic was hampered by the cold.

WOMAN BRAVED 7 DESERTS AND A LOT OF SHEIKS

ROSITA FORBES, BRITISH EXPLORER, LITHE, SPARKLING, BOBBED HAired

SAYS MEN ARE POOR COMPANIONS, EAT TOO MUCH ON TRIP

(By United Press) New York, Jan. 16.—American heiresses may marry Austrian counts and others at times have ardent sheiks, but, according to Rosita Forbes, they don't know the half of it.

Rosita, lithe, sparkling, bobbed haired British woman explorer, knows. She has slept in the desert under a bit of sand whipped tenting with many a real sheik snoring unconcernedly alongside. She has been in places in Arabia and Northern Africa no other white person has ever penetrated. She has met many who have captured her imagination, but love—Miss Forbes professes not to believe in love; it interferes with exploration, and she lives only to explore.

She doesn't even consider men good companions on a hard journey to distant lands—they eat too much, she explained.

Here for a series of lectures on her travels in the Sahara, Rosita Forbes declares herself exhausted "by the rigors of New York hospitality—and sub-ways—and pines a little for a lonesome water hole somewhere in the Sahara with a couple of wild lions or a mad buffalo for diversion."

The first thing this attractive explorer-lecturer does is to amaze the Americans by her superficial femininity. One would rather expect a woman who has braved seven deserts and the mountain fastnesses where untamed bandits hold sway to be solid and substantial in appearance.

Rosita is birdlike. If it were not for her slender height men would call her "cute."

FUR DEALERS IN TOILS OF THE LAW

(By United Press) St. Cloud, Minn., Jan. 16.—Main street, Sauk Centre, has a new scandal today.

Authorities began a revision of the affairs of H. Grossberg & Sons, respectable fur dealers here for many years.

From points in Minnesota, South Dakota and Ontario came charges of fraud against the elder Grossberg and Louis Grossberg, one of his sons.

Louis was arrested last night on charges of fraud by Z. O. Cummins, fur dealer of De Smet, S. D., who alleged Grossberg presented him with a worthless draft for \$3,667 in payment of a large shipment of furs. The furs were shipped to the Grossberg store January 1 and a fire destroyed them. There was no insurance, it was claimed.

A fur dealer at Appleton, Minn., claims he was defrauded of \$400 and another at Ft. Francis, Ont., claims loss of \$800.

Sheriff B. E. Schoener called all members of the firm to his office for questions. Louis Grossberg was released on his own recognizance. He said he intended to cover the draft given to De Smet from the St. Louis fur market, but the fire destroyed the furs.

TWO BOYS TRAPPED AND SUFFOCATED IN REFRIGERATOR CAR

(By United Press) Duluth, Jan. 16.—Trapped and suffocated in a refrigerator car, the frozen bodies of two boys were found here today.

They were believed to have succumbed soon after the car left St. Paul two days ago. There was no means of identification on their clothing.

REPARATIONS PROBE TO BE CARRIED ON WITH WIDE PUBLICITY

(By United Press) Paris, Jan. 16.—The work of the committee of experts examining into Germany's capacity to pay reparations will be carried on with a degree of publicity hitherto unknown to European councils of this sort.

General Charles G. Dawes, chairman of the committee, and Owen D. Young, the other American representative, conferred with the British delegates and have agreed upon the advisability of scrapping the absolute secrecy now existing.

Accordingly the experts will discuss the advisability of trying "to find a plan for compromise between 'absolute secrecy' and 'complete publicity'."

DEITZ IS STILL DEFENDING DAM

HEREAFTER WILL USE LAW TO PROTECT HIS INTERESTS, HE SAYS

(By United Press) Minneapolis, Jan. 16.—John S. Deitz, famous from 1904 to 1910 as tender of Cameron Dam in Sawyer county, Wisconsin, is still defending.

He now charges that lumber interests seeking to secure water power rights are plotting to induce his estranged wife to secure a divorce and a division of the Apple River farm, including the dam site.

By securing the property division, the wife could sell her half to the lumber interests, he declared.

Deitz is now lecturing in Minnesota after being sentenced to life imprisonment in 1911 for the killing of Oscar Harp. He was pardoned in May, 1921.

Harp is still alive, Deitz declared, and he charges the murder was a fake.

"I studied law during the ten years in prison and am now prepared to fight with law as well as bullets, if necessary."

He places a \$100,000 valuation on the Apple River farm.

WOMEN WILL BE EQUALLY REPRESENTED

Washington, Jan. 16.—Women members of the democratic national convention today won a fight for "equal representation" with men among the delegates at large to the 1924 convention in New York June 24.

After a spirited contest between the women and advocates of the democratic doctrine of "states rights" the national committee adopted a resolution proposed by Mrs. Leroy Springs, Lancashire, S. C., providing that each state send four delegates at large for each United States senator and that two of these be women.

MORTGAGE COMPANY OPERATORS INDICTED

Indianapolis, Jan. 16.—Three officers of the Hawkins Mortgage company Portland Indiana and 16 other persons connected with the operations of the concern in Indiana and eight other states were indicted by a federal grand jury here today on charges of using the mails to defraud.

It is charged that stockholders of the Hawkins Company and affiliated concerns suffered losses of between \$4,000,000 and \$6,000,000 in the collapse of the concern.

Two bills were returned against Norton S. Hawkins, president Anthony Scheib, vice-president and Carl B. Anderson, secretary-treasurer of the concern. The three men are from Portland, Indiana. Sixteen other persons named in the indictment are said to be from Pennsylvania, Missouri, New York, Indiana and several other states.

NO REPORT ON DEATH TOLL OR DAMAGE CAUSED

SENDAI SHOCK CAME 24 HOURS AFTER YESTERDAY'S DISTURBANCE

EARTHQUAKE EXPERT SAYS THE JAPANESE KINGDOM WILL CONTINUE SHAKEN

(By United Press) Tokio, Jan. 16.—Sendai, important market city on the bay of Sendai, Japan, was shaken at 4 a. m. today by another violent earthquake. Reports reaching here did not enumerate the damage, however, and it was not known whether the shock had serious results.

The quake at Sendai, occurring less than 24 hours after the violent earthquakes of yesterday morning, caused much excitement.

Official announcement was made today placing the casualties of yesterday's tremors in Tokio and Yokohama at 17 dead and an unknown number injured. Most estimates of the injured, however, are around 200.

Professor T. Nakamura, one of the world's leading authorities on earthquakes, predicted today that earthquakes probably of less intensity will be frequent during the spring in the Japanese island. Apparently the disturbances are of volcanic origin—a continuation of the eruptions of the volcano Oshima which caused the September 1st earthquake when it exploded and sank into the sea carrying the island of Oshima with it.

BOMBAY IS SHAKEN. PEOPLE PANIC STRICKEN

Bombay, Jan. 16.—A severe earthquake shook the city here today throwing the population into a panic. There was little damage, however, and apparently no casualties.

CRUISER AGROUND NEAR VERA CRUZ

(By United Press) Washington, Jan. 16.—The United States light cruiser Tacoma recently dispatched to Vera Cruz today went aground on Blanquilla Reef off the harbor of Vera Cruz, the navy department here was notified.

The Tacoma sent out an S. O. S. asking that assistance be rushed. The cruiser Richmond has been sent to aid the Tacoma and other naval vessels also.

Naval officials were at a loss to explain the Tacoma going aground near a well charted harbor.

Blanquilla is marked by a small lighthouse which at normal times is always in operation, it was said. Naval authorities here were notified recently that the rebel forces had caused the lights to be extinguished on lighthouses off Tampico harbor.

It was feared the light on Blanquilla might have been extinguished allowing the Tacoma to go aground just before dawn.

TELEPHONE CALLS PROVED HIS UNDOING

(By United Press) St. Paul, Jan. 16.—Helen E. Quesnel found a list of telephone calls of various girls in her husband's coat pocket and got a divorce.

She called "Ruth," she testified and learned her husband had been out with her. She found a letter written by "Peggy O'Connell," starting "Dear Daddy" and saying:

"Since the last time I saw you it has seemed like years. I can not live without you since you put your arms around me. With your kisses upon my lips and your carresses it seemed as though heaven had come down to earth."

Quesnel told her Peggy's address would be his address in the future, Mrs. Quesnel charged.

THE BRAINERD DAILY DISPATCH

Volume 23, Number 191

BRAINERD MINNESOTA, WEDNESDAY, JANUARY 16, 1924

WINNERS IN THE NORTHWEST BEAUTY CONTEST

INTEREST WAS AT BOILING POINT IN ALL THE TOWNS

ALL HAD COUPON VOTING EXCEPT CITY OF ST. PAUL, COMMITTEE SELECTED WINNER

ATKINSON CO. AND AUTO SHOW TO SEND INSTRUCTIONS TO GIRL WINNERS

The fifteen winners of the northwestern beauty contest who will appear the week of Feb. 2-9, at the Twin City Automotive Exposition were officially announced today by the show management as follows:

"Miss Aberdeen American-News"—Irene Hagenston.

"Miss Albert Lea Tribune"—Irma Turner.

"Miss Austin Herald"—Ruth Anderson.

"Miss Bemidji Pioneer"—Martha Erwig.

"Miss Brainerd Dispatch"—Irene Turcotte.

"Miss Crookston Times"—Lillian Duval.

"Miss Faribault News"—Grace Kleven.

"Miss Hibbing Tribune"—Irene Gilbert.

"Miss Mankato Free Press"—Irene Kleenapp.

"Miss Minneapolis Tribune"—Mildred Sire.

"Miss Minnesota Star"—Frances Detrich.

"Miss Owatonna People's Press"—Lucille Partridge.

"Miss Rochester Post & Record"—Irene Conaty.

"Miss St. Cloud Times"—Florence Osgood.

"Miss St. Paul News"—Lorna Dunn.

In every city where the contest was featured, interest was at the boiling point the last few days of the competition. As a general thing, the undertaking got away to a slow start but finished in a whirlwind of votes.

In Aberdeen, S. D., only one ballot was printed during the campaign but there were 84 girls entered and 7,526 votes were cast out of a possible 12,500. Miss Hagenston, the winner, is a high school student and won out by nine votes.

Nearly 75,000 votes were cast in the Albert Lea contest on the last day. So great was the interest in the contest that the editor of the Tribune appointed three prominent business men as judges to guard against any charges of impartiality.

Ruth Anderson, the Austin winner, polled 122,770 votes, about 50,000 more than her nearest competitor. The three high vote-getters each had a representative who was on hand at the final audit of ballots at a leading bank.

Bemidji selected a little high school girl in the person of Miss Erwig. Interest in the contest was exceptionally keen in the far north city. The winner polled a total of 10,368 votes.

Brainerd had 36 women in the Dispatch contest and 21,562 votes were cast. The scramble became so heated there toward the finish of the polling that the girls made house-to-house canvasses.

Crookston, the last city to enter the contest, made up in excitement what it lacked in length of competition. Business houses and other organizations got into the spirit of the thing and backed different entrants.

The office of the Faribault News was nearly wrecked in the last minute rush of ballot-bearers. Ballots were accepted at a leading theatre as well as at the News office. Representatives of the American Legion, the Boy Scouts and the Chamber of Commerce audited the count.

In Hibbing, Miss Gilbert won out by a plurality of about 700. This contest was the only one in that part of the state, and Miss Gilbert will have the backing of the whole Mesabi Range at the Auto Show.

Mankato selected as its fairest woman Irene Kleenapp, a policeman, who had the backing of the fire and police departments as well as the city hall. It was only by hard

Sandai, Japan, Shaken by Another Earthquake

FOCH SAVED BERLIN FROM ALLIED GUNS, GEN. ALLEN REVEALS

New York, Jan. 16.—Marshal Ferdinand Foch, commander-in-chief of the Allied armies, personally saved Berlin from an invasion by Allied troops after the victorious drives just before the armistice in 1918, it was revealed last night by Maj. Gen. Henry T. Allen, former commander of the American army of occupation.

Speaking at a dinner of the Peekskill Military academy alumni, General Allen said responsibility for stopping the American and Allied armies rested solely on the French marshal.

Foch's reason for not taking Berlin, General Allen said, was that it would have been a gigantic task to hold the vast territory which included Hanover and other large cities.

"FIRST 4 YEARS ARE THE HARDEST"

ANDREW J. VOLSTEAD SAYS PROHIBITION BECOMING MORE EFFECTIVE

(By United Press)
Granite Falls, Minn., Jan. 16.—Andrew J. Volstead, "father of prohibition," crawled out of a sick bed today to tell the United Press that the "first four years" of prohibition "are the hardest."

The former Minnesota congressman is suffering from a heavy cold sub-zero weather didn't help it much today.

"What are you taking for it?" he was asked.

And, he said: "Nothing."

"I believe that the people are more solidly behind prohibition enforcement this year than last year or the year before," he said.

"Prohibition is becoming more effective," he said.

work that she nosed her way to victory with a lead of 13 votes.

In Minneapolis, the Tribune led all competing papers in the number of votes sent in. It also had the greatest number of candidates, 137. So great was the volume of votes recorded at the last minute that a staff of auditors worked from Monday to Saturday before the winner was decided. One girl sent in 15,000 after the polls closed and these were not accepted. However, they were not sufficient to put her near first place.

The Minnesota Daily Star of Minneapolis is providing a high school girl, Frances Detrich. So spirited did the Star contest become that one contestant's mother was held up and slugged for several thousand votes she was saving for her daughter.

Although one of the smallest cities involved, Owatonna had as successful a contest as any of the fifteen. The People's Press received 23,000 ballots or nearly half of all those printed. Miss Partridge, the winner, is a high school girl.

Rochester was turned upside down by the contest which went to Miss Conaty after an exciting campaign as any political struggle.

St. Cloud, through the Daily Times, furnishes Miss Florence Osgood whose candidacy was extremely popular from the inception of the campaign.

In St. Paul, the Daily News made its selections in a different way than most of the papers entered. The mayor and two other citizens passed on more than a hundred photographs. After most of the portraits had been eliminated, the committee sent for a dozen of the girls before making the final decision.

E. E. Atkinson & Company, St. Paul and Minneapolis, will have charge of the prize winners during their stay in the Twin Cities, where they will take part in the Style Review at the Auto Show. Detailed instructions for the winners will be sent to each girl this week by the Atkinson Company and the Auto Show management.

TEX RICKARD GETS DEMOCRATIC MEET FOR NEW YORK

MADISON SQUARE GARDEN TO HOUSE PARTY CONVENTION IN 1924

SAN FRANCISCO AND ITS \$200,000 OFFER RUN SECOND BEST

(By United Press)
Washington, Jan. 16.—If New Yorkers feel like hanging a medal on someone for getting the 1924 democratic convention for that city they might as well pin it on Tex Rickard when he gets there tonight.

Rickard it was who flipped a towel in the waning spirit of the delegation yesterday afternoon in the democratic national committee when selection of the convention city hung in the balance—with San Francisco on the heavy side.

Largely because of Rickard's efforts the convention will be held in Madison Square Garden.

Included in New York's winning offer was the cost of preparing the Garden to make it suitable for the convention.

The New York delegation had about given up hope. All offers were in the hands of Clark Howell's subcommittee and San Francisco's \$200,000 offer looked too big to overcome.

Then Rickard stepped in.

"I told them the way to get what they wanted was to put up the dough."

DRY WORKERS GATHER IN RAIN IN FRONT OF THE WHITE HOUSE

(By United Press)
Washington, Jan. 16.—With hymn and prayer 2,000 dry workers of the anti-saloon league gathered in winter rain today in front of the White House to pledge to President Coolidge their loyalty and co-operation in helping keep the laws.

Mr. Coolidge in a brief speech said the leaguers had set a great example to the country.

"All of us know," said Mr. Coolidge, "that there is no such thing as liberty without observance of the laws."

"It is a fundamental principle, reaching every activity of our government. It is the foundation of all principles on which Americanism rests and the source of our civilization."

"I want to express to you my thanks for bringing me this assurance. With that assurance it is easier to go ahead in undertaking to provide that all laws will be obeyed."

ASK REDUCTION OF STATE, LOCAL TAXES

(By United Press)
Chicago, Jan. 16.—Reduction of federal, state and local taxes leads the list of planks in the platform adopted by the Farmer-Manufacturer convention which ended a two days' session here last night.

Government operation of public utilities including the railroads, mines, factories and farms was voted under by the 700 delegates. The convention also asked the administration and congress to take a pledge against interfering with private business.

Government fixing of prices also was opposed by the convention. The convention approved co-operative marketing of farm products; the development of Muscle Shoals for fertilizer products as well as for other purposes; reforestation on an extended scale; a permanent immigration policy designed to limit the number and select only the best quality of immigrants; an American merchant marine adequate to America's needs; waterway projects thru the Mississippi valley and completion of the St. Lawrence waterway and the lakes to the gulf project.

JUDGE DANCER RESIGNS FROM DISTRICT BENCH

(By United Press)
Duluth, Jan. 16.—Judge H. A. Dancer, 11th judicial district, submitted to Governor Eberhardt his resignation to be effective February 1.

Judge Dancer will resume the private practice of law. He was appointed by Governor Eberhardt in 1911, re-elected in 1912 and again in 1918 and his present term would expire Jan. 1, 1925.

In a statement issued today Judge Dancer deplores the low salaries paid judges and declared that only "more remuneration will bring a desirable class of men to continue on the benches."

FALL MAY EXPLAIN HOW HE GOT CASH TO BUY A RANCH

FORMER SECRETARY OF INTERIOR MAY MAKE STATEMENT IN CASE

TEAPOT DOME NAVAL OIL RESERVE UNDER INVESTIGATION BY SENATE

Congress Today By United Press

Senate: Routine business. Agriculture committee continues hearings.

Re-organization committee resumes sessions.

House: Gag rule fight continues.

Ways and means committee continues tax hearings.

Free seed bill hearing before agricultural committee.

Washington, Jan. 16.—Former Secretary of the Interior Fall will be permitted to explain where he got the \$100,000 for purchase of a New Mexico ranch "if he wishes," Senator Walsh, Montana, said today.

Walsh, upon returning from Palm Beach where he examined Edward B. McLean, millionaire Washington publisher about his loan of \$100,000 to Fall said he would make no attempt to "compel" Fall to testify.

The testimony Walsh took will be presented in a few days to the senate public lands committee which is investigating lease by Fall of the Teapot Dome naval oil reserve to the Sinclair interests.

LAFOLLETTE TO PRESS RESOLUTION

Washington, Jan. 16.—Senator Robert M. LaFollette, progressive leader, announced today he would press for immediate action by the Senate Interstate Commerce committee on his resolution directing the I. C. C. to reduce freight rates on farm products to pre-war levels.

In a formal statement LaFollette explained that his resolution did not supersede his bill changing the entire rate making structure.

He said even if the bill was passed today, the change would not be made for months. His resolution would make lower freight rates effective immediately.

COLD WAVE CAME AS PREDICTED

(By United Press)
St. Paul, Jan. 16.—An icy wind that whipped around the corner all day showed different temperatures on almost every street corner.

The coldest weather report in the Twin Cities was 19 below. The temperature ranged upward to 15 below. The weather bureau picked 17 below zero and admitted that the biting wind on exposed thermometers might fall even lower than that.

The cold covers the entire section. Only a light snow preceded the arrival of the cold wave predicted yesterday.

Traffic was hampered by the cold.

WOMAN BRAVED 7 DESERTS AND A LOT OF SHEIKS

ROSITA FORBES, BRITISH EXPLORER, LITHE, SPARKLING, BOBBED HAired

SAYS MEN ARE POOR COMPANIONS, EAT TOO MUCH ON TRIP

(By United Press)
New York, Jan. 16.—American heiresses may marry Austrian counts and others at times have ardent sheiks, but, according to Rosita Forbes, they don't know the half of it.

Rosita, lithe, sparkling, bobbed haired British woman explorer, knows. She has slept in the desert under a bit of sand whipped tenting with many a real sheik snoring unconcernedly alongside. She has been in places in Arabia and Northern Africa no other white person has ever penetrated. She has met many who have captured her imagination, but love—Miss Forbes professes not to believe in love; it interferes with exploration, and she lives only to explore.

She don't even consider men good companions on a hard journey to distant lands—they eat too much, she explained.

Here for a series of lectures on her travels in the Sahara, Rosita Forbes declares herself exhausted "by the rigors of New York hospitality—and sub-ways—and pines a little for a lonesome water hole somewhere in the Sahara with a couple of wild lions or a mad buffalo for diversion."

The first thing this attractive explorer-lecturer does is to amaze the Americans by her superficial femininity. One would rather expect a woman who has braved seven deserts and the mountain fastnesses where untamed bandits hold sway to be solid and substantial in appearance.

Rosita is birdlike. If it were not for her slender height men would call her "cute."

FUR DEALERS IN TOILS OF THE LAW

(By United Press)
St. Cloud, Minn., Jan. 16.—Main street, Sauk Centre, has a new scandal today.

Authorities began a revision of the affairs of H. Grossberg & Sons, respectable fur dealers here for many years.

From points in Minnesota, South Dakota and Ontario came charges of fraud against the elder Grossberg and Louis Grossberg, one of his sons.

Louis was arrested last night on charges of fraud by Z. O. Cummins, fur dealer of De Smet, S. D., who alleged Grossberg presented him with a worthless draft for \$3,667 in payment of a large shipment of furs. The furs were shipped to the Grossberg store January 1 and a fire destroyed them. There was no insurance, it was claimed.

A fur dealer at Appleton, Minn., claims he was defrauded of \$400 and another at Ft. Francis, Ont., claims loss of \$800.

Sheriff B. E. Schoener called all members of the firm to his office for questions. Louis Grossberg was released on his own recognizance. He said he intended to cover the draft given to De Smet from the St. Louis fur market, but the fire destroyed the furs.

TWO BOYS TRAPPED AND SUFFOCATED IN REFRIGERATOR CAR

(By United Press)
Duluth, Jan. 16.—Trapped and suffocated in a refrigerator car, the frozen bodies of two boys were found here today.

They were believed to have succumbed soon after the car left St. Paul two days ago. There was no means of identification on their clothing.

REPARATIONS PROBE TO BE CARRIED ON WITH WIDE PUBLICITY

(By United Press)
Paris, Jan. 16.—The work of the committee of experts examining into Germany's capacity to pay reparations will be carried on with a degree of publicity hitherto unknown to European councils of this sort.

General Charles G. Dawes, chairman of the committee, and Owen D. Young, the other American representative, conferred with the British delegates and have agreed upon the advisability of scrapping the absolute secrecy now existing.

Accordingly the experts will discuss the advisability of trying "to find a plan for compromise between 'absolute secrecy' and 'complete publicity'."

DEITZ IS STILL DEFENDING DAM

HEREAFTER WILL USE LAW TO PROTECT HIS INTERESTS, HE SAYS

(By United Press)
Minneapolis, Jan. 16.—John S. Deitz, famous from 1904 to 1910 as tender of Cameron Dam in Sawyer county, Wisconsin, is still defending.

He now charges that lumber interests seeking to secure water power rights are plotting to induce his estranged wife to secure a divorce and a division of the Apple River farm, including the dam site.

By securing the property division, the wife could sell her half to the lumber interests, he declared.

Deitz is now lecturing in Minnesota after being sentenced to life imprisonment in 1911 for the killing of Oscar Harp. He was pardoned in May, 1921.

Harp is still alive, Deitz declared, and he charges the murder was a fake.

"I studied law during the ten years in prison and am now prepared to fight with law as well as bullets, if necessary."

He places a \$100,000 valuation on the Apple River farm.

WOMEN WILL BE EQUALLY REPRESENTED

Washington, Jan. 16.—Women members of the democratic national convention today won a fight for "equal representation" with men among the delegates at large to the 1924 convention in New York June 24.

After a spirited contest between the women and advocates of the democratic doctrine of "states rights" the national committee adopted a resolution proposed by Mrs. Leroy Springs, Lancashire, S. C., providing that each state send four delegates at large for each United States senator and that two of these be women.

MORTGAGE COMPANY OPERATORS INDICTED

Indianapolis, Jan. 16.—Three officers of the Hawkins Mortgage company Portland Indiana and 16 other persons connected with the operations of the concern in Indiana and eight other states were indicted by a federal grand jury here today on charges of using the mails to defraud.

It is charged that stockholders of the Hawkins Company and affiliated concerns suffered losses of between \$4,000,000 and \$6,000,000 in the collapse of the concern.

Two bills were returned against Norton S. Hawkins, president Anthony Scheib, vice-president and Carl B. Anderson, secretary-treasurer of the concern. The three men are from Portland, Indiana. Sixteen other persons named in the indictment are said to be from Pennsylvania, Missouri, New York, Indiana and several other states.

NO REPORT ON DEATH TOLL OR DAMAGE CAUSED

SENDAI SHOCK CAME 24 HOURS AFTER YESTERDAY'S DISTURBANCE

EARTHQUAKE EXPERT SAYS THE JAPANESE KINGDOM WILL CONTINUE SHAKEN

(By United Press)
Tokio, Jan. 16.—Sendai, important market city on the bay of Sendai, Japan, was shaken at 4 a. m. today by another violent earthquake. Reports reaching here did not enumerate the damage, however, and it was not known whether the shock had serious results.

The quake at Sendai, occurring less than 24 hours after the violent earthquakes of yesterday morning, caused much excitement.

Official announcement was made today placing the casualties of yesterday's tremors in Tokio and Yokohama at 17 dead and an unknown number injured. Most estimates of the injured, however, are around 200.

Professor T. Nakamura, one of the world's leading authorities on earthquakes, predicted today that earthquakes probably of less intensity will be frequent during the spring in the Japanese island. Apparently the disturbances are of volcanic origin—a continuation of the eruptions of the volcano Oshima which caused the September 1st earthquake when it exploded and sank into the sea carrying the island of Oshima with it.

BOMBAY IS SHAKEN, PEOPLE PANIC STRICKEN

Bombay, Jan. 16.—A severe earthquake shook the city here today throwing the population into a panic. There was little damage, however, and apparently no casualties.

CRUISER AGROUND NEAR VERA CRUZ

(By United Press)
Washington, Jan. 16.—The United States light cruiser Tacoma recently dispatched to Vera Cruz today went aground on Blanquilla Reef off the harbor of Vera Cruz, the navy department here was notified.

The Tacoma sent out an S. O. S. asking that assistance be rushed. The cruiser Richmond has been sent to aid the Tacoma and other naval vessels also.

Naval officials were at a loss to explain the Tacoma going aground near a well charted harbor.

Blanquilla is marked by a small lighthouse which at normal times is always in operation, it was said. Naval authorities here were notified recently that the rebel forces had caused the lights to be extinguished on lighthouses off Tampico harbor.

It was feared the light on Blanquilla might have been extinguished allowing the Tacoma to go aground just before dawn.

TELEPHONE CALLS PROVED HIS UNDOING

(By United Press)
St. Paul, Jan. 16.—Helen E. Quessel found a list of telephone calls of various girls in her husband's coat pocket and got a divorce.

She called "Ruth," she testified and learned her husband had been out with her. She found a letter written by "Peggy O'Connell," starting "Dear Daddy" and saying:

"Since the last time I saw you it has seemed like years. I can not live without you since you put your arms around me. With your kisses upon my lips and your carresses it seemed as though heaven had come down to earth."

Quessel told her Peggy's address would be his address in the future, Mrs. Quessel charged.

AT VETERINARY ASSOCIATION

Dr. C. A. Nelson, Trustee, Attending Two Days Session Opening at Ryan Hotel in St. Paul

Dr. C. A. Nelson is in St. Paul, attending the annual two-day meeting of the Minnesota State Veterinary Medical association, which opened this morning at the Ryan hotel. Dr. Nelson is a member of the board of trustees, which held its meeting at the hotel at 10 o'clock this morning.

Arthur E. Nelson, mayor of St. Paul, welcomed the association at its opening session. The response was given by Dr. Ralph L. West of Waseca, who is first vice president of the association. Dr. R. J. Coffey of Stillwater, the president, then delivered his annual address.

Several men prominent in the field of veterinary medicine are on the program for addresses and papers. Included among them are Dr. V. A. Moore, dean of the New York State Veterinary college; Dr. C. H. Stang, dean of the Iowa State Veterinary college; Dr. A. Eichhorn, director of the Lederle Laboratories, Pearl River N. Y.; Major Robert J. Foster, veterinary corps, U. S. Army, Fort Riley, Kansas, and Dr. N. S. Mayo of the Abbott Laboratories, Chicago.

The University of Minnesota will furnish several speakers, among them Drs. Hirschfelder, Billings, Boyd and Fitch. Dr. C. A. Nelson with Captain H. W. Savage of Fort Snelling, are also to appear on the program.

St. Francis Court Luncheon

St. Francis Court No. 393, Women's Catholic Order of Foresters will give a benefit luncheon on Thursday afternoon, January 17th, at the home of Mrs. G. W. Smith, 705 North Sixth St., the hostesses being Mrs. Smith, Mrs. Kunitz and Miss Caroline Deering. Every member of the Court is most cordially invited as well as friends of the organization.

Swedish Baptist Aid

The ladies aid of the Swedish Baptist church will hold its annual meeting in the church parlors on Thursday afternoon at 2:30 o'clock. Mrs. Gust Malmstrom will entertain. All members are asked to make a special effort to be present at this annual meeting. Friends are welcome.

Prayer Meeting

The Swedish Bethany church will have prayer meeting at the W. E. Lewis home 713 9th St. No., on Thursday evening and at the F. Malmstrom home, 19th St., S. E., on Friday evening. All are invited to take part in these meetings.

State Commander of Association Miss Harriett Olson, state commander of the Womens Benefit Association of Macabees will be with the local lodge tomorrow night to install the officers. Refreshments will be served.

Notice To Girl Scouts

There will be a meeting for all girl scouts at the Y. M. C. A. on Thursday afternoon at 5 o'clock. All members are asked to be present.

Card of Thanks

I wish to thank my friends for their support accorded me in the recent Beauty Contest.

MISS BEATRICE SHEPPO.

A TALK WITH A BRAINERD MAN

Mr. J. L. Rush, Carpenter, of 726 4th Ave., Tells of An Interesting Experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Brainerd man:

"My kidneys were giving me some trouble and the pain and misery I was in was intense," says Mr. Rush. "When I laid down I was bothered quite a bit and could get little rest. My kidneys bothered me at night and mornings I was stiff and sore across the small of my back. I had a steady, dull ache across my kidneys day and night. My kidneys acted frequently and the secretions were highly colored. I started using Doan's Pills and they relieved me so I could get back to work again, feeling as well as ever."

\$60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

ROPE AND ITS USE EXPLAINED

Prof. James M. Drew of University of Minnesota Lectures Class in Boy Scout Leadership

ATTENDANCE INCREASING

Nine Knots of Tenderfoot Demonstrated, Rope Splicing Taught, and Determining Strength of Rope

"Rope and its uses" occupied a major portion of the time of the class in Boy Scout leadership on Tuesday evening, when Prof. James M. Drew of the University of Minnesota virtually "Tied his audience in a knot."

One of the encouraging things about the evening was the big increase in attendance, the number present being about double that of the week previous. It is felt that the men of the city are taking a keener interest in the work as the course continues, and an even larger attendance is anticipated for next Tuesday's classes.

The session was scheduled to begin at 7:45 and continue two hours, but so interested were the men in Prof. Drew's rope and knot demonstrations, that it was nearly midnight when the class finally let their instructor go. Nine knots, those required of a tenderfoot scout, were taken up, and in most cases pretty well mastered. Prof. Drew explained the importance of each of these knots, the cases in which they are used to best advantage, and the methods of tying them under different conditions. He also taught his "pupils" how to splice a rope, and

how to determine the strength of various sizes of rope.

The evening's instruction began with the organization of scout patrols of which it is planned to have six. A scout leader was chosen for each of these patrols and given four men as a nucleus, and was admonished that he would be required to recruit four more to bring his troop up to the required standard of eight men and a leader.

Each patrol was given a name, the names ranging in variety from Clyde E. Parker's "Dumb-bells" to W. A. M. Johnstone's "Boot-leggers," and included "Prunes," "Goats," "Cooties" and "Nuts." These patrols will learn floor drill and setting-up exercises, as a part of each evening's instruction and much rivalry is expected to develop between them.

Rev. E. A. Cooke was the local speaker of the evening, addressing the class on the subject, "The Spirit of Scouting as Expressed in the Scout Oath and Law."

To catch "the spirit of any proposition is difficult in many cases, said Rev. Cooke, but is never-the-less one of the most important phases upon which the success of that proposition depends. In order to catch the spirit of scouting, he dissected the scout oath and law, taking up first the scout's honor, which means that he will fulfill his promises and his obligations and that his word must not be broken.

That part of the oath that refers to his duty to God, has not as sanctimonious a meaning as would perhaps seem on first thought, said the speaker. It refers to the great sense of doing right because it is right, and not because of any fear or other lesser motives. Loyalty to personalities is taught in this section of the oath.

The scout's duty to his country is an important part of the scout law. He obeys his country's laws because

it is his country, in which he takes a special pride, and because it is the will of the majority of the people that is expressed in the laws.

The scout is taught in his laws that his body is a machine and that it is important that this machine is kept functioning properly at all times, so that the boy will be strong and healthy, alert in mind and ready for every emergency.

The gospel of service as preached by a number of organizations of this day and age, is taught in the scout law and is one of its finest points, said Rev. Cooke, it is embodied in the admonition that the scout shall be helpful.

Other excellent features of the scout law which were emphasized were bravery, clean thinking and clean sports, shooting square and responsibility to his fellow man.

Would Take No Chances

Pathfinder: Bill wanted to slip out of barracks—unofficially—to see his girl, and he went to the sentry and stated the case.

"Well," said the sentry, "I'll be off duty when you come back, so you ought to have the password for tonight. It's 'Idiosyncrasy.'"

"Idio what?"

"Idiosyncrasy."

"I'll stay in barracks," said Bill.

Time to Face the Facts

"So much has been said against the use of patent medicines that I have had a strong prejudice against them. But after four years' doctoring with six different doctors, without results, for acute indigestion, gastritis, constipation, appendicitis and other ailments I was said to possess, I was encouraged to try Mayr's Wonderful Remedy, seeing what it had done for a friend similarly afflicted. I also was entirely relieved of my trouble, and am sure this medicine will do all and more than is claimed for it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and leading druggists in every town.—Advt.

THE RAILWAY DOLLAR

HERE'S some interesting figures from the Northern Pacific railway, telling of what becomes of the dollar you pay when you ride in one of their coaches, or pay freight on shipment: 45 cents of your dollar is paid to employees; 28 cents goes for fuel and supplies in operation; 15 cents is interest on borrowed money; 8.3 cents comes back to the people in the form of taxes—municipal, state and federal. These make a total of 96.3 cents. This leaves 3.7 cents for dividends, to be divided among 38,000 stockholders.

Senator La Follette, says the St. Cloud Journal Press, contends that if the valuation of the railroads were lowered freight rates would be less. If the valuation was entirely wiped out, and dividends were denied the stockholders there could be only 3.7 per cent reduction on the present cost of operation. When a way can be found to pay less in wages, less for fuel and supplies, less in taxes, a way will also be found for lowering rates.

The volume of business is an important item. If a greater volume of freight and passenger business can be had without increasing the overhead and operating expenses, there would be an increase in the net earnings. One way to help the railroads and incidentally to aid in securing lower rates is to give the roads more business. In every city much short haul patronage has been turned over to busses and trucks, which are wearing out costly highways, and which give no commensurate returns to the state.

Here are some figures estimated on passenger business of the railway as done out of Brainerd. In December, 1922, it is estimated over 400 tickets to Minneapolis were sold by the railway. The fare is \$4.57, amounting to \$1,828. In December, 1923, it is estimated the tickets sold by the railway to the same point numbered only a few above 100 or 457. This showed a loss in passenger travel to Minneapolis of \$1,371.

Brainerd is especially interested in the welfare of the Northern Pacific railway company. If the company prospers, if ample returns on investment are secured, then improvements planned for the shops here will be put through. The railway shops is the biggest industry in Brainerd, the very backbone of this city. Shipping by rail and traveling by rail are no idle dreams when it comes to supporting a railway. No railway can prosper if business is diverted to another system of carriers which close shop whenever weather conditions on roads prevent travel. The railway, the original common carrier, is compelled to run, rain or shine, snow or sleet and if blocked with heavy snows, is compelled to dig out as quickly as humanly possible. "Keep moving" is the national edict, for the railway, not "run when you can."

A \$50,000,000 LOAN

THERE has been presented to congress a plan for agricultural relief in the Northwest that has been unanimously endorsed by leading farmers, agricultural experts and business men as the soundest and most far-reaching relief measure yet proposed. Promulgated originally by John Lee Coulter, president of the North Dakota Agricultural College, to meet the situation in North Dakota, it has been adopted as equally applicable and necessary in Minnesota, South Dakota and Montana.

The enlarged plan provides a \$50,000,000 revolving livestock loan fund to be advanced by the government. Loans up to \$1,000 each to farmers and tenants and available to worthy farmers irrespective of present indebtedness. The money to be used for the purchase of dairy and beef cattle, sheep, hogs and poultry. Livestock so purchased and the increase therefrom to be collateral for the loans.

The loans are to be made for three purposes: (1) To secure foundation herds of livestock for farmers who have none. (2) To replace scrub stock with higher grade animals that will return a profit. (3) To enlarge herds containing only a few good animals, enabling farmers to produce milk or meat, poultry and eggs for the market.

Loans are to be made to those who want and who are competent to diversify, but who are unable to finance the change. Loans are to be restricted to farmers who can give satisfactory evidence of their ability to provide adequate feed and shelter for livestock. Forfeiture of livestock to be the penalty for failure to do this. The rate of interest is not to exceed 6 per cent. Loans are to run from three to five years.

The war cry for more wheat set back our whole Northwest. Spring wheat farmers started to diversify before the war. Then the government importation of them to raise wheat. They responded and diversification was set back from five to ten years as a result.

Alfalfa, sweet clover, corn, and other feed crops will be needed for livestock. Wheat acreage therefore will be automatically reduced. The plan does not contemplate eliminating wheat. Increased fertility and elimination of weeds resulting from crop rotation will increase the wheat yields per acre and thus reduce cost of production per bushel. The plan will enable thousands of farmers who are not producing food for their own families to save up to \$800 annually over their present grocery bills.

AIDING THE CHIPPEWAS

A TELEGRAM from Congressman Knutson announces that the Indian Affairs committee, of the house of representatives, has reported favorably on an appropriation giving all Chippewa Indians a \$100 per capita payment. Early action on the measure by the house is expected, according to the message, as the measure will, in all probability, be attached to the Interior Appropriation bill, which comes before the house at an early date.

Suffering among the Indians has been noted this fall and winter, due to poor market conditions and other factors. Thousands of Chippewas, located at Red Lake and Cass Lake, will thus receive assistance which is sorely needed.

ST. PAUL'S AMBITIOUS PROGRAM

ST. PAUL Association, which is the Civic and Commerce association of that city, is reaching out for greater industrial payrolls, as its 1924 objective. Here are some of the planks in the program, enunciated at a dinner attended by 400 members:

Closer cooperation with city officers in an intelligent and consistent program for local improvement; a safety campaign; a drive to insure greater appreciation of goods manufactured or distributed by St. Paul concerns; continued assistance from St. Paul in solving agricultural problems of the northwest; intelligent action on transportation problems.

FORMER S. D. STATE TREASURER BANKRUPT

(By United Press)
Pierre, S. D., Jan. 16.—W. S. O'Brien, former state treasurer of South Dakota, was adjudged bankrupt by Zell Guthrie, referee in bankruptcy here. Liabilities amounting to \$36,170 were scheduled. They are mostly notes to banks over the state for cattle loans in connection with the livestock business O'Brien has conducted. His assets amount to \$10,000, exempt, he said.

A meeting of the creditors was called for January 26.

Government Protests Against De la Huerta Blockade at Tampico

(By United Press)
Washington, Jan. 16.—The American government has dispatched to Adolfo De La Huerta, leader of the Mexican revolution, a protest against the blockade declared on the Port of Tampico, it was said today, at the state department.

The protest is being delivered to De La Huerta by John Q. Wood, American consul at Vera Cruz.

THE RAILWAY DOLLAR

HERE'S some interesting figures from the Northern Pacific railway, telling of what becomes of the dollar you pay when you ride in one of their coaches, or pay freight on shipment: 45 cents of your dollar is paid to employees; 28 cents goes for fuel and supplies in operation; 15 cents is interest on borrowed money; 8.3 cents comes back to the people in the form of taxes—municipal, state and federal. These make a total of 96.3 cents. This leaves 3.7 cents for dividends, to be divided among 38,000 stockholders.

Senator La Follette, says the St. Cloud Journal Press, contends that if the valuation of the railroads were lowered freight rates would be less. If the valuation was entirely wiped out, and dividends were denied the stockholders there could be only 3.7 per cent reduction on the present cost of operation. When a way can be found to pay less in wages, less for fuel and supplies, less in taxes, a way will also be found for lowering rates.

The volume of business is an important item. If a greater volume of freight and passenger business can be had without increasing the overhead and operating expenses, there would be an increase in the net earnings. One way to help the railroads and incidentally to aid in securing lower rates is to give the roads more business. In every city much short haul patronage has been turned over to busses and trucks, which are wearing out costly highways, and which give no commensurate returns to the state.

Here are some figures estimated on passenger business of the railway as done out of Brainerd. In December, 1922, it is estimated over 400 tickets to Minneapolis were sold by the railway. The fare is \$4.57, amounting to \$1,828. In December, 1923, it is estimated the tickets sold by the railway to the same point numbered only a few above 100 or \$457. This showed a loss in passenger travel to Minneapolis of \$1,371.

Brainerd is especially interested in the welfare of the Northern Pacific railway company. If the company prospers, if ample returns on investment are secured, then improvements planned for the shops here will be put through. The railway shops is the biggest industry in Brainerd, the very backbone of this city. Shipping by rail and traveling by rail are no idle dreams when it comes to supporting a railway. No railway can prosper if business is diverted to another system of carriers which close shop whenever weather conditions on roads prevent travel. The railway, the original common carrier, is compelled to run, rain or shine, snow or sleet and if blocked with heavy snows, is compelled to dig out as quickly as humanly possible. "Keep moving" is the national edict, for the railway, not "run when you can."

A \$50,000,000 LOAN

THERE has been presented to congress a plan for agricultural relief in the Northwest that has been unanimously endorsed by leading farmers, agricultural experts and business men as the soundest and most far-reaching relief measure yet proposed. Promulgated originally by John Lee Coulter, president of the North Dakota Agricultural College, to meet the situation in North Dakota, it has been adopted as equally applicable and necessary in Minnesota, South Dakota and Montana.

The enlarged plan provides a \$50,000,000 revolving livestock loan fund to be advanced by the government. Loans up to \$1,000 each to farmers and tenants and available to worthy farmers irrespective of present indebtedness. The money to be used for the purchase of dairy and beef cattle, sheep, hogs and poultry. Livestock so purchased and the increase therefrom to be collateral for the loans.

The loans are to be made for three purposes: (1) To secure foundation herds of livestock for farmers who have none. (2) To replace scrub stock with higher grade animals that will return a profit. (3) To enlarge herds containing only a few good animals, enabling farmers to produce milk or meat, poultry and eggs for the market.

Loans are to be made to those who want and who are competent to diversify, but who are unable to finance the change. Loans are to be restricted to farmers who can give satisfactory evidence of their ability to provide adequate feed and shelter for livestock. Forfeiture of livestock to be the penalty for failure to do this. The rate of interest is not to exceed 6 per cent. Loans are to run from three to five years.

The war cry for more wheat set back our whole Northwest. Spring wheat farmers started to diversify before the war. Then the government importation of them to raise wheat. They responded and diversification was set back from five to ten years as a result.

Alfalfa, sweet clover, corn, and other feed crops will be needed for livestock. Wheat acreage therefore will be automatically reduced. The plan does not contemplate eliminating wheat. Increased fertility and elimination of weeds resulting from crop rotation will increase the wheat yields per acre and thus reduce cost of production per bushel. The plan will enable thousands of farmers who are not producing food for their own families to save up to \$800 annually over their present grocery bills.

AIDING THE CHIPPEWAS

A TELEGRAM from Congressman Knutson announces that the Indian Affairs committee, of the house of representatives, has reported favorably on an appropriation giving all Chippewa Indians a \$100 per capita payment. Early action on the measure by the house is expected, according to the message, as the measure will, in all probability, be attached to the Interior Appropriation bill, which comes before the house at an early date.

Suffering among the Indians has been noted this fall and winter, due to poor market conditions and other factors. Thousands of Chippewas, located at Red Lake and Cass Lake, will thus receive assistance which is sorely needed.

ST. PAUL'S AMBITIOUS PROGRAM

ST. PAUL Association, which is the Civic and Commerce association of that city, is reaching out for greater industrial payrolls, as its 1924 objective. Here are some of the planks in the program, enunciated at a dinner attended by 400 members:

Closer cooperation with city officers in an intelligent and consistent program for local improvement; a safety campaign; a drive to insure greater appreciation of goods manufactured or distributed by St. Paul concerns; continued assistance from St. Paul in solving agricultural problems of the northwest; intelligent action on transportation problems.

150 ACRES MUST BE PLANTED

That Much Must be Set Out in Cucumbers or Salting Station Will Not be Established

60 ACRES NOW CONTRACTED

Braierd People Are Asked to Get Behind the Campaign and Make It Successful

Some difficulty is being experienced in interesting farmers in the Braierd territory in the campaign to raise cucumbers for pickles, as outlined by the H. J. Heinz Co., for next season.

Several causes are given for this difficulty, among them being the cold weather, which makes it hard to get out among the farmers to present the proposition, and the fact that the pickle business is said to have been trifled with in this section in the past. One of the principal troubles that is being experienced, however, is the lack of interest among the business men of the city, who are not as yet unitedly back of the project as it is said business men are in other places, who realize the value of the cucumber industry to their locality.

One hundred and fifty acres must be contracted among the farmers of the county before a salting depot will be installed in Braierd, and this acreage is the goal toward which the sponsors of the project are striving.

To date some sixty acres have been contracted, little more than a third of the required quota, and Braierd people are asked to get behind the matter and assist in every way possible the campaign to sell the idea to the farmers, showing them that it is possible for them to realize as high as \$400 per acre on a guaranteed contract which will bring in the hard cash during an otherwise dull season.

Staples is said to be taking hold of the cucumber proposition with an unusual amount of enthusiasm, signing up about 75 acres before any real campaign had even been outlined. This is the spirit that it is hoped can be awakened in Braierd, so that, without a great deal of effort several times the acreage in the required quota will be obtained. The cucumber industry can be developed to one of the most important sources of the farmer's income, and in other communities similar to Braierd's, is proving highly successful.

ANNUAL MEETING HELD

First Congregational Church Missionary Society Meets at Home of Mrs. George Whitney

The annual meeting of the First Congregational Missionary society held at the home of Mrs. George Whitney, Friday afternoon, showed the officers of last year re-elected: President—Mrs. E. P. Slipp. Vice President—Mrs. John F. Woodhead.

Secretary—Miss Sadie Robinson. Miss Robinson was also appointed treasurer, in the absence of Miss May Whiteley.

The society has enjoyed a pleasant and profitable year, with a good attendance, an earnestness in study, an increase in membership, and also in funds which help to meet the demands for the carrying on of missionary work, both in the home and foreign lands. With the willingness to open homes during the study period of the regular monthly meeting, further interest was manifested, during the summer season, when members and friends of the society threw open the doors of their lake cottages and entertained in a most hospitable manner, thus affording an extra of mental, physical, spiritual and financial blessings to be used for the furtherance of kingdom extension.

The program of the afternoon was based upon the work of the American Missionary Association, that organization of Congregationalism whose mission is to give the gospel and Christian education to the undeveloped races under our flag and was carried out as follows:

A personal letter, from Miss Bertha Hodges, principal of a Girls Industrial School, Moorhead, Miss., was sent the Society, upon the receipt of a missionary box sent in November, which communication was read by Miss Robinson and in which Miss Hodges expressed her appreciation to the society and stated that it had been a hard year in that vicinity on account of a short cotton crop and many of the people could not pay the prices asked in the stores. Miss Hodges remarked, "We always rejoice when we see a box or barrel," as the prices at the

sales of the missionary box articles work among the mountain whites can then be met.

Mrs. Slipp spoke of the A. M. A. at Pleasant Hill Academy, Tenn., where Miss A. Balzer is principal and in her report she told of modern improvements having been furnished the school but also adds, "We are hampered on every side by lack of funds and equipment but with the aid of the A. M. A. we hope to do and to be increasingly what is expected of Pleasant Hill Academy."

Mrs. Harry Wilson read a personal letter from principal J. K. Hilyard of Peabody Academy, Troy, N. C. The missionary society had sent a box of dormitory supplies to this school in December and the letter contained an appreciation of the same with the remark of "the eagerness of this group of children who are working under such great handicaps to get a Christian education."

Mrs. Woodhead read the report of Miss Cleona Case, matron of Lincoln Normal school, Marion, Ala., which stated the enrollment of the school being 350, and told of the overabundance of rain in that section which made the cotton and food crops very short, thus causing the problem of feeding the family, clothing and educating it, a very serious one for the coming winter. In writing of the improvements and needs of the school, Miss Case said, "More than ever this year will boxes and barrels of clothing be acceptable."

Mrs. J. M. Elder read the statement of Mrs. George Downey, who has charge of the school at Vernal, Utah. This school shows a steady advance in Christian education and influence as against that of the Mormons who are largely in evidence in that vicinity.

Mrs. Irma C. Hartley gave a very interesting account of missionary work from a somewhat different angle, it being that of an Industrial school at Piney Ridge, Miss. This school is inter-denominational and was started by a colored man and his wife, on faith and is carried on by funds received by solicitation. The wife came to Braierd at one time when Mrs. Hartley as well as others became interested in the enterprise and have given towards its support for some time. Mrs. Elder also came in contact with this work when in California where an appeal for support was made by a graduate of Piney Ridge school, at the Congregational church of San Diego. Mention was made of some people from Aitkin, Minn., who on a tour of the South visited this school and reported a good work being done.

The program closed with a victrola-solo, "One Sweetly Solemn Thought," Gluck and Homer. A very pleasant social hour followed with delightful refreshments served by the hostess. Four visitors were present.

SEMESTER EXAMS

Thursday and Friday High School and Mixed Grades Take Their Finals

(Contributed)

This is the week of semester exams. On Thursday and Friday all the students of the high school and mixed grades take their finals in either the state or locals. For many of the pupils, these exams decide whether or not they get their credits. If they are near the borderline of passing, the results of the exams will either flunk them, or pull them over the danger line.

All students should do thorough studying at home. Senior girls who wish to take normal work next year need especially to look out for their work. These are the days when no students should be on the streets, but at home preparing for the tests. If parents are anxious to get students through it is essential that they urge their children to make thorough preparation for their ordeals.

Bethlehem Lutheran Ladies Aid
The Ladies Aid of the Bethlehem Lutheran church will meet in the church parlors Thursday afternoon. This is the annual meeting and reports will be read. Every member should be present, and visitors are welcome.

PERSONAL TAXES WILL BE HIGH

Assessor M. E. Hitch Explains Causes For the Increase Noted in the 1923 Taxes

SOME COMPLAINTS RECEIVED

Class 2 Gets 10 Per Cent Raise by State Tax Commission, Horses and Cattle Also Raised

The personal property tax list will soon be published and taxpayers will find quite an increase in taxes this year over last, says the city assessor, M. E. Hitch. A number of complaints have already been made to the assessor in this regard, and to explain the causes for the increased taxation on personal property, Mr. Hitch offers the following statements:

The state tax commission has raised the tax on all articles in Class 2 an additional 10 per cent over last year's rate. Class 2 includes all items of the household which makes up the personal tax of the average citizen.

Then the state and county have added to their levies, making the rate an even 100 mills, as against 94.75 mills tax of last year.

These two increases alone will raise the taxes on personal property 15 per cent. Other items raised by the state board, which will increase the personal property tax of their owners, includes horses and cattle as follows:

Horses under one year old raised 10 percent, one year old and under two years, 15 percent, over two years and under three years old, 20 percent, over three years old and under 16 years, 30 percent. Over sixteen years 10 percent. Stallions, 90 percent.

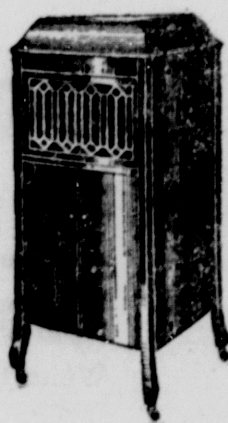

Cattle: pure-bred under one year, 100 percent, one year and under two years old, 20 percent, grade cattle one year old and under three years, 15 percent, grade cows 20 percent, bulls 10 percent.

The taxpayers are asked to take the above explanations into consideration before complaining of the increase in their taxes, and before condemning the poor assessor for listing their property at too high a figure.

ANNUAL MEETING HELD

First Congregational Church Missionary Society Meets at Home of Mrs. George Whitney

The annual meeting of the First Congregational Missionary society held at the home of Mrs. George Whitney, Friday afternoon, showed the officers of last year re-elected: President—Mrs. E. P. Slipp. Vice President—Mrs. John F. Woodhead.

Secretary—Miss Sadie Robinson. Miss Robinson was also appointed treasurer, in the absence of Miss May Whiteley.

The society has enjoyed a pleasant and profitable year, with a good attendance, an earnestness in study, an increase in membership, and also in funds which help to meet the demands for the carrying on of missionary work, both in the home and foreign lands. With the willingness to open homes during the study period of the regular monthly meeting, further interest was manifested, during the summer season, when members and friends of the society threw open the doors of their lake cottages and entertained in a most hospitable manner, thus affording an extra of mental, physical, spiritual and financial blessings to be ased for the furtherance of kingdom extension.

The program of the afternoon was based upon the work of the American Missionary Association, that organization of Congregationalism whose mission is to give the gospel and Christian education to the undeveloped races under our flag and was carried out as follows:

A personal letter, from Miss Bertha Hodges, principal of a Girls Industrial School, Moorhead, Miss., was sent the Society, upon the receipt of a missionary box sent in November, which communication was read by Miss Robinson and in which Miss Hodges expressed her appreciation to the society and stated that it had been a hard year in that vicinity on account of a short cotton crop and many of the people could not pay the prices asked in the stores. Miss Hodges remarked, "We always rejoice when we see a box or barrel," as the prices at the

sales of the missionary box articles work among the mountain whites can then be met.

Mrs. Slipp spoke of the A. M. A. at Pleasant Hill Academy, Tenn., where Miss A. Balzer is principal and in her report she told of modern improvements having been furnished the school but also adds, "We are hampered on every side by lack of funds and equipment but with the aid of the A. M. A. we hope to do and to be increasingly what is expected of Pleasant Hill Academy."

Mrs. Harry Wilson read a personal letter from principal J. K. Hilyard of Peabody Academy, Troy, N. C. The missionary society had sent a box of dormitory supplies to this school in December and the letter contained an appreciation of the same with the remark of "the eagerness of this group of children who are working under such great handicaps to get a Christian education."

Mrs. Woodhead read the report of Miss Cleona Case, matron of Lincoln Normal school, Marion, Ala., which stated the enrollment of the school being 350, and told of the overabundance of rain in that section which made the cotton and food crops very short, thus causing the problem of feeding the family, clothing and educating it, a very serious one for the coming winter. In writing of the improvements and needs of the school, Miss Case said, "More than ever this year will boxes and barrels of clothing be acceptable."

Mrs. J. M. Elder read the statement of Mrs. George Downey, who has charge of the school at Vernal, Utah. This school shows a steady advance in Christian education and influence as against that of the Mormons who are largely in evidence in that vicinity.

Mrs. Irma C. Hartley gave a very interesting account of missionary work from a somewhat different angle, it being that of an Industrial school at Piney Ridge, Miss. This school is inter-denominational and was started by a colored man and his wife, on faith and is carried on by funds received by solicitation. The wife came to Brainerd at one time when Mrs. Hartley as well as others became interested in the enterprise and have given towards its support for some time. Mrs. Elder also came in contact with this work when in California where an appeal for support was made by a graduate of Piney Ridge school, at the Congregational church of San Diego. Mention was made of some people from Aitkin, Minn., who on a tour of the South visited this school and reported a good work being done.

The program closed with a valedictory solo, "One Sweetly Solemn Thought," Gluck and Homer. A very pleasant social hour followed with delightful refreshments served by the hostess. Four visitors were present.

SEMESTER EXAMS

Thursday and Friday High School and Mixed Grades Take Their Finals

(Contributed)

This is the week of semester exams. On Thursday and Friday all the students of the high school and mixed grades take their finals in either the state or locals. For many of the pupils, these exams decide whether or not they get their credits. If they are near the borderline of passing, the results of the exams will either flunk them or pull them over the danger line. All students should do thorough studying at home. Senior girls who wish to take normal work next year need especially to look out for their work. These are the days when no students should be on the streets, but at home preparing for the tests. If parents are anxious to get students through it is essential that they urge their children to make thorough preparation for their ordeals.

Bethlehem Lutheran Ladies Aid

The Ladies Aid of the Bethlehem Lutheran church will meet in the church parlors Thursday afternoon. This is the annual meeting and reports will be read. Every member should be present, and visitors are welcome.

YEOMEN NOTICE

Regular meeting Wednesday, January 16th 7:30 p. m.
The best time of the season is assured all members present.
Leap year dance.
Light refreshments served.

PERSONAL TAXES WILL BE HIGH

Assessor M. E. Hitch Explains Causes
For the Increase Noted in the
1923 Taxes

SOME COMPLAINTS RECEIVED

Class 2 Gets 10 Per Cent Raise by
State Tax Commission, Horses
and Cattle Also Raised

The personal property tax list will soon be published and taxpayers will find quite an increase in taxes this year over last, says the city assessor, M. E. Hitch. A number of complaints have already been made to the assessor in this regard, and to explain the causes for the increased taxation on personal property, Mr. Hitch offers the following statements:

The state tax commission has raised the tax on all articles in Class 2 an additional 10 per cent over last year's rate. Class 2 includes all items of the household which makes up the personal tax of the average citizen.

Then the state and county have added to their levies, making the rate an even 100 mills, as against 94.75 mills tax of last year.

These two increases alone will raise the taxes on personal property 15 per cent. Other items raised by the state board, which will increase the personal property tax of their owners, includes horses and cattle as follows:

Horses under one year old raised 10 percent, one year old and under two years, 15 percent, over two years and under three years old, 20 percent, over three years old and under 16 years, 30 percent. Over sixteen years 10 percent. Stallions, 90 percent.

Cattle: pure-bred under one year, 100 percent, one year and under two years old, 20 percent, grade cattle one year old and under three years, 15 percent, grade cows 20 percent, bulls 10 percent.

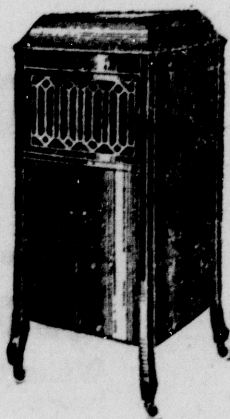

The taxpayers are asked to take the above explanations into consideration before complaining of the increase in their taxes, and before condemning the poor assessor for listing their property at too high a figure.

SCOTT'S EMULSION
Food for the Weak

TWO GOOD HEAVIES IN THE MAKING

By HENRY L. FARRELL
United Press Sports Editor

New York, Jan. 16.—Two young light heavyweights were the best fighters produced last year, and they are the most promising youngsters ready for the busy season that is sure to follow this summer.

Young Stribling, the 19-year-old Macon (Ga.) high school boy, and Ad Stone, a 21-year-old former marine of Philadelphia, were the outstanding products of 1923.

Both are young, well set up and possessed of the fundamentals for building. It is fortunate that both are in good hands and are in no danger of being rushed too fast.

Stribling is managed by his father, a former acrobat, and Stone is under the direction of Maxey Hoff, a well-to-do sportsman, and the only manager on record who does not take a "cut" of the purse.

Experience is all that is needed to bring out the potential qualities in both youngsters, and if they develop in keeping with promise, there is no limit to their possibilities.

As light heavyweights they have a field in which the opposition is none too strong.

Mike McTigue, the world's champion of the class, is holding his title simply because he refuses to fight.

Gene Tunney, the American champion, is a most likeable chap, but he never will be a great champion because he wasn't made to be one.

Tunney is too nice and has too little of the primitive in him to be a savage fighter and the element of the savage is a big factor in the equipment of a champion.

Granting, from past experiences, that most anything can happen this year on the field of sport, the accomplishment of the "impossible" has not been brought so close to striking distance that you might read this year:

"Phils Win National League Pennant."
"Tilden Loses Tennis Title."
"Dempsey's Seconds Toss in Towel."
"Leonard Knocked Out in Third Round."
"Babe Ruth Appointed Manager of Yanks."
"Ty Cobb Suggests Spikeless Shoes."
"Fifty Thousand Watch Wrestlers Grapple."
"Ban Johnson Gives Three Cheers for Landis."
"Major Leagues Cut Prices."
"Firpo Signs for \$100,000."
"Army Bars Transfer Football Stars."
"Giant Players in Mutiny."
"California Admits Eastern Football Supreme."
"A. A. U. Accepts Paddock's Records."

New York, Jan. 15.—Many upsets must come during this new year as a natural consequence in the field of sports. Some champions will be displaced and new ones will come along. Old faces will disappear to make way for youngsters. Old marks will pass and new records will go down on the books.

America's position as the leading sport nation of the world, however, is not threatened. The youngsters that are coming along promise to do even better than the veterans upon whom the burden of proof has been resting.

The position of the United States in tennis for 1924 seems to be far out of range for any foreign shots and the domestic situation does not give any promises of radical changes.

Bill Tilden should add another year to his reign as champion, and Helen Wills is in no danger. The California girl, in fact, is just starting.

Tilden is so far above all his American rivals that there is hardly room for comparison. Bill Johnston is the only American within miles of him and there is no foreign or native player within a mile of Johnston.

The great little California player, however, had reached the zenith of his career, and Tilden may not be threatened again for years.

Young, physically strong and equipped with the best all-around game of any player in history, Tilden should survive many more seasons as the champion player of the world.

Francis T. Hunter is the most promising youngster in the game, but it will be years before he develops a game that will be good enough to match with Tilden's.

The position of Miss Wills in her class is almost as pronounced as that of Tilden among the men players.

Mrs. Molla Mallory has seen her best days. It is not likely that she will be able to come back next year and regain the crown that the California miss took away from her last summer.

"Little Helen" is hardly more than a child. She plays a good game and is so strong physically that there seems to be no limit to the position she may reach in international tennis.

It might be too much to expect her to defeat Mlle. Suzanne Lenglen if they meet at Wimbledon or in the Olympic contests at Paris, but if the California girl does defeat the French star it will be no great surprise.

MICH. CENTRAL HAS A WRECK

TWO INJURED WHEN PULLMANS JUMP TRACK NEAR CHICAGO

(By United Press)
Chicago, Jan. 16.—Two persons were injured when two Pullmans of a Michigan Central express from Detroit went off the track at the outskirts of the city here today.

The injured were John Leslie of Jackson, Michigan, conductor, and George Walker, train newsboy from Kalamazoo.

Railroad officials said that a switch flew open after part of the express had passed. The two Pullmans struck the switch, bounced off the tracks and struck cars on the other tracks.

Leslie and Walker were taken to a hospital suffering from cuts and bruises.

Passengers were given a severe shaking.

POWERS LOST TO ST. JOHNS TEAM

COLLEGEVILLE STAR MUST PUT TIME ON HIS STUDIES

On the eve of the first conference game of the year, the Hamline tilt scheduled for Thursday, it was announced today that 'Eddie' Powers, star St. John forward, was lost to the Collegeville team for the rest of the year. Pres of studies was the reason given. Powers has an unusually heavy classroom schedule, played football last fall, and must put all his time on his school work.

The loss of Powers is a severe blow to Coach Sanborn's team. He was the scoring ace of the "Johnny" lineup and a real power in the floor work. To offset the loss Sanborn has been stressing team work and defense.

St. Thomas finished its practice work for its southern trip. Today the team entrains for Winona, where it meets the fast St. Mary quint.

ous, true life story of the barren snowlands will be shown tonight and Thursday.

on the east coast of the Hudson Bay. The theatre was a shed belonging to a fur post. It was about forty feet long. On the walls and rafters hung bear and fox skins to dry; deer horns and dog harness. The odor would nauseate the unaccustomed.

THOUSANDS PAY LAST TRIBUTE TO BILLY MISKE

St. Paul, Jan. 16.—It was announced late last night that receipts at the benefit would total about \$10,500. Expenses were about \$2,000.

St. Paul, Jan. 16.—A crowd that filled St. Paul's Auditorium stood last night with bowed heads as the final "ten count" was sounded for Billy Miske, local heavyweight boxer, who died on New Year's day, a victim of Bright's Disease.

The ceremony opened a fight program staged by sports writers for the benefit of the former heavyweight champion contender's family.

In the feature fight of the evening Dago Joe Gans of St. Paul, defeated Eddie Morris of Sioux City. Gans had the Iowa man in a bad way in the third and fifth rounds. The bout went the scheduled six rounds. They are welterweights.

In the semi-windup, Tommy Burns, Detroit middleweight, easily outpointed Gunnar Joe Quinn of Minneapolis, in a slashing six-round bout.

Sammy Leonard, Minneapolis lightweight, outpointed Len Schwabel of St. Paul in four rounds.
Joe Burch of Milwaukee, outboxed Johnny Noye, St. Paul lightweight, in the four-round opener.

Many celebrities of sportdom were present to pay their last tribute to their former friend and idol.

Exhibition contests of four rounds were staged by Tommy Gibbons and Jimmy Delaney, both of St. Paul and Pinky Mitchell and his brother Richie, which was refereed by Billy, another brother. The Delaney-Gibbons bout was refereed by welterweight champion, Mickey Walker.

Harry Heilmann, champion batsman of the American league, auctioned a baseball autographed by Babe Ruth, Lieut. L. L. Collins and himself, for which \$500 was paid.

THOS. H. GIRLING, LEGISLATOR, DIED IN MINNEAPOLIS TUESDAY

(By United Press)
Minneapolis, Jan. 16.—Thomas H. Girling, Robbinsdale, one of the most prominent members of the state legislature, died Tuesday at St. Mary's hospital.

Injured in an automobile accident five weeks ago, Representative Girling was weakened and developed serious heart trouble. This caused his death.

He was closely identified with the development of Robbinsdale where he has lived for 32 years. He was born at Nottingham, England, Dec. 11, 1865, and came to America with his parents when but a boy.

Governor Preus paid eloquent tribute to the legislator today.

"He was one of the most efficient legislators in the state," he said.

PAYS \$6,000 FOR 6 CARLOADS OF SNOW

Chauncey Depew Steel paid \$6,000 for six carloads of snow so that the Olympic skiers could do their stuff last Sunday at Briarcliffe lodge, New York. The snow was shipped 288 miles.

COLLEEN MOORE
in "The Huntress"

Wanting Husband, This Madcap Kidnaps Youth

If you were a white girl—
If you had been brought up as an Indian—

If you had decided that you wanted a white husband—
How would you go about getting him?

In "The Huntress," a screen version of Hulbert Footner's charming novel of the great out-of-doors, "Bela," played by Colleen Moore, the dainty and winsome young star, is faced by that problem.

Bela wants a husband so bad that she just goes out and takes one—kidnaps him, in fact. And—"then the fun begins."

The kidnapping of the white man

on the east coast of the Hudson Bay. The theatre was a shed belonging to a fur post. It was about forty feet long. On the walls and rafters hung bear and fox skins to dry; deer horns and dog harness. The odor would nauseate the unaccustomed.

THOUSANDS PAY LAST TRIBUTE TO BILLY MISKE

St. Paul, Jan. 16.—It was announced late last night that receipts at the benefit would total about \$10,500. Expenses were about \$2,000.

St. Paul, Jan. 16.—A crowd that filled St. Paul's Auditorium stood last night with bowed heads as the final "ten count" was sounded for Billy Miske, local heavyweight boxer, who died on New Year's day, a victim of Bright's Disease.

The ceremony opened a fight program staged by sports writers for the benefit of the former heavyweight champion contender's family.

In the feature fight of the evening Dago Joe Gans of St. Paul, defeated Eddie Morris of Sioux City. Gans had the Iowa man in a bad way in the third and fifth rounds. The bout went the scheduled six rounds. They are welterweights.

In the semi-windup, Tommy Burns, Detroit middleweight, easily outpointed Gunnar Joe Quinn of Minneapolis, in a slashing six-round bout. Sammy Leonard, Minneapolis lightweight, outpointed Len Schwabel of St. Paul in four rounds.

Joe Burch of Milwaukee, outboxed Johnny Noye, St. Paul lightweight, in the four-round opener.

Many celebrities of sportdom were present to pay their last tribute to their former friend and idol.

Exhibition contests of four rounds were staged by Tommy Gibbons and Jimmy Delaney, both of St. Paul and Pinky Mitchell and his brother Richie, which was refereed by Billy, another brother. The Delaney-Gibbons bout was refereed by welterweight champion, Mickey Walker.

Harry Heilmann, champion batsman of the American league, auctioned a baseball autographed by Babe Ruth, Lieut. L. L. Collins and himself, for which \$500 was paid.

THOS. H. GIRLING, LEGISLATOR, DIED IN MINNEAPOLIS TUESDAY

(By United Press)
Minneapolis, Jan. 16.—Thomas H. Girling, Robbinsdale, one of the most prominent members of the state legislature, died Tuesday at St. Mary's hospital.

Injured in an automobile accident five weeks ago, Representative Girling was weakened and developed serious heart trouble. This caused his death.

He was closely identified with the development of Robbinsdale where he has lived for 32 years. He was born at Nottingham, England, Dec. 11, 1865, and came to America with his parents when but a boy.

Governor Preus paid eloquent tribute to the legislator today.

"He was one of the most efficient legislators in the state," he said.

PAYS \$6,000 FOR 6 CARLOADS OF SNOW

Chauncey Depew Steel paid \$6,000 for six carloads of snow so that the Olympic skiers could do their stuff last Sunday at Briarcliffe lodge, New York. The snow was shipped 288 miles.

COLLEEN MOORE
in "The Huntress"

Wanting Husband, This Madcap Kidnaps Youth
If you were a white girl—
If you had been brought up as an Indian—
If you had decided that you wanted a white husband—
How would you go about getting him?

In "The Huntress," a screen version of Hulbert Footner's charming novel of the great out-of-doors, "Bela," played by Colleen Moore, the dainty and winsome young star, is faced by that problem.

Bela wants a husband so bad that she just goes out and takes one—kidnaps him, in fact. And—"then the fun begins."

The kidnapping of the white man

(Lloyd Hughes) forms the basic plot of this highly amusing First National picture, which is now being presented at the New Park Theatre.

Something to Remember

Real Good Gravy

Don't forget that the secret of making real, good gravy is KITCHEN BOUQUET. Purely a vegetable product, it makes real, good gravy of any gravy stock, bringing out its full flavor and giving it a deep, rich brown color.

Add a tablespoonful just before taking off the stove.

Don't forget KITCHEN BOUQUET, use it often—probably you have it in your pantry, if not, ask your grocer for it.

KITCHEN BOUQUET

When you have used the two boxes, if you are not satisfied with the results obtained, we will send \$1.50 to your druggist and request him to hand it to you. We prefer to handle this through the druggist because his customers are usually his friends and will be honest with him.
PARIS MEDICINE COMPANY, St. Louis, Mo.

Looking Ahead

LAST Spring a total of 350,000 people were disappointed in not being able to obtain deliveries of Ford Cars and Trucks, as orders were placed faster than cars could be produced.

The demand for Ford Cars and Trucks this Spring will, according to all indications, be far greater than last Spring.

Winter buying has been increasing at a greater rate than ever before.

Actual retail deliveries the past 60 days totaled 308,170 Ford Cars and Trucks, an increase of 1,961 a day over a year ago.

Over 200,000 people have already ordered Ford products on our purchase plan, the majority of whom will take delivery in the Spring.

The above facts are given with the suggestion that you list your order promptly with a Ford dealer if you contemplate the purchase of a Ford Car or Truck for use this Spring or Summer and wish to avoid delay in delivery.

You need not pay cash for your car. You can arrange to make a small deposit down, taking care of the balance in easy payments. Or, you can buy on the Ford Weekly Purchase Plan. This puts you on the preferred order list and insures delivery of your car at a time to be determined by yourself.
